Project Name	Comprehensive Analysis and Dietary Strategies with Tableau: A College Food Choices Case Study
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college student	Maintain a healthy diet while balancing academics and daily activities.	I often skip meals and rely on fast food.	I have limited time, a busy class schedule, and limited awareness of healthy food choices.	Tired, stressed, unhealthy, and unable to concentrate effectively on my studies.
PS-2	A university cafeteria manager	Provide nutritious meal options that meet students' dietary needs and preferences.	Students continue choosing unhealthy and fast-food options.	I lack clear insights into students' eating habits, preferences, and nutritional requirements.	Concerned about students' health and unable to make data-driven improvements to cafeteria services.
